Message from Senior Patron

It gives me great satisfaction in congratulating the students and faculty of APS, Wellington on publication of the School Magazine '*Splash Literati* - 2021'.

The prolonged lockdown due to COVID 19 has impacted our education system adversely. Even under such trying times, APS Wellington has taken the lead in innovating and mitigating the effects of the pandemic. Smooth migration to conduct of online classes has ensured that the students were never bereft of guidance and wisdom of the teachers. Throughout the year, the School has concentrated on focussed learning. I am extremely happy to see the School functioning ***'Efficiently & Effectively'*** as one of the leading Schools in the region.

The exposure given to the students of APS, Wellington has enabled them to develop academic & creative abilities. This magazine showcases the positive energy of Students, and is truly a reflection of their creative spirit.

My heartiest felicitations to the Principal, Teachers, Staff and Students for an outstanding year of innovative learning and achieving excellent standards in all fields. I wish the School and its students, great success and glory in all their future endeavours.

Well Done & God Bless!

Jai Hind!

Message from Patron

I extend my warm felicitation to the Principal, Teachers, Staff and Students of the Army Public School, Wellington on the release of the School Magazine 'Splash Literati - 2021' which coincides with the successful culmination of the Academic Year 20 / 21.

This year has been unique and challenging in many ways. Providing quality education and keeping the young minds active, while at all times adhering to the laid down norms of **'COVID Times'** has been a daunting task. I am happy to note that the School and the students have emerged from the challenge, with flying colors.

This edition of the School Magazine is a true reflection of the indomitable spirit of the School and the creativity of the students. I am happy to note that the School has been successful in maintaining a healthy balance between academic excellence & encouraging diverse co-curricular activities, while at all times maintaining a stress free environment for the students.

I thank the School Management, the Principal, Teachers, Staff, Parents & the bright Students for their contributions and whole hearted support for the school through their shared vision, cooperation and hard work.

Best Wishes

Jai Hind.

Message from Chairman

I congratulate the Principal, Teachers, Staff and the Students of the Army Public School, Wellington on the release of the School Magazine 'Splash Literati - 2021'.

As the Chairman of the School, I feel proud of the commitment displayed by the Principal, Teachers and Staff of the School, which enabled the School sail through these difficult **'COVID Times'**. I also thank the Parents and Students for having cooperated with the School at all times. The flexibility of mind shown by the Teachers and Students in adapting to the various situations is indeed praiseworthy. I am happy to note that the school has strived to mould the young minds to think logically, and become nation builders and better human beings. A special mention must be made here to the ingenuity and adaptability shown by the faculty and students in utilising technology to the hilt. Well Done and Keep it Up!

This edition of the 'Splash Literati - 2021' showcases the year gone by. The School Magazine is an honest reflection of the creativity of the students and of the efforts made by the ***'APS Wellington Family'*** during the academic year.

As the Chairman of the School, I feel proud to be a part of such a wonderful Institution. I thank the Principal, Teachers, Staff & the bright Students for their contributions and whole hearted support. A special mention must be made to the guidance and support provided to the School by the Senior Patron and the Patron.

My best wishes to the School and the Students for wonderful and glorious times ahead. May the School achieve even greater heights in the times to come.

Jai Hind.

Message from the Principal's Desk

"Future Belongs To Those Who See Possibilities Before They Become Obvious" - John Scully

Education is a powerful tool to groom young prodigies and thus mould their future. We at APS, Wellington are very much conscious about the power of education and hence do not leave any stone unturned for making our school a perfect place for learning. A Home away from Home for learning and developing all facets of the personality.

We live in interesting and fast changing times. COVID-19 Pandemic was the dominating feature of the Academic year 20-21. 'Online Education' with myriad of 'Gadgets' became the new mantra of educational institutes. The Pandemic with its associated lockdown made online screens an integral part of our life. Schools migrated from 'Brick to Click', and 'Before Google to Along with Google'. Keeping pace with the dynamic situation, we at APS, Wellington embarked on the 'Online' journey with 'Google Suite' and other associated programmes.

The new and innovative means adopted by the School were built on the existing rock solid foundation of the traditional 'Guru-Shishya' bond. Conducting 'Online' education has been an enriching experience for all those involved in it ie Students - Teachers - Principal - Staff - Parents and Management. The journey was not easy but with the constant support and cooperation of all concerned, we confidently surmounted all the obstacles and have successfully imparted 'Online' education.

It has been our endeavour to help the children tap their potential and emerge as the best version of themselves, while at all times retaining their individuality and creativity. The students of APS, Wellington learn to recognise their potential, set high goals and most importantly 'Work Hard' to achieve those 'Goals'. Our students are an embodiment of our 'Hopes, Dreams & Aspirations'.

I compliment the Students and the Editorial Team for their invaluable contribution in putting together this edition of our School Magazine - 'Splash Literati - Virtual Diaries'. The magazine is an attempt to encapsulate the creative spirit of our students and to showcase the activities and achievements of 'APS Wellington Family' in the academic year 20-21.

With all humility, I thank the Almighty for guiding us through these turbulent times. I pray that the Almighty continues to shower his blessings on the APS Wellington Family.

Happy Reading....

Thank you all ...

Sharmila Ganapathi

Sharmila Ganapathi
Principal
APS Wellington

Message from the CAPTAINS

To be called upon to uphold the legacy as the 'Head Girl' of Army Public School, is a matter of pride and honour. I express my sincere gratitude to my classmates & juniors for placing their trust in the Student Council. The Student Council stands for each one of you. With your vote of confidence in me, I aspire to live up to the values set by my predecessors. In these troubled times, brought about by the pandemic, we stand united.

School is a temple of learning; we, as students tread the path of wisdom and knowledge to achieve our goals. Values of life like righteousness, discipline, confidence, courage and the conviction to complete our endeavours, is instilled in the portals of the school. I am fortunate to culminate my school life in a great school like APS Wellington. This School has given me memories that I will always cherish. I have made friends for life. Their support inspires me to aspire for and achieve greater heights.

During the ongoing pandemic, it was hard to cope with the academics and other co-curricular activities that were being conducted online. The steadfast support of our Principal and Teachers made the task easy for me and my fellow students. I take this opportunity to pen down my gratitude to all my teachers, who have always shown me the right path.

Diya Jan
Class - XII Commerce (2020 - 21)
Head Girl

Being a part of Army Public School Wellington, I can assure you that this is one of the best institutions that one can be a part of. I feel very honoured and privileged to be the Head Boy of this great institution.

When I joined APS Wellington in June 2019, I was still missing my previous school, but within no time, I made new friends here. And, I am certain that the friends that I have made here are for life. Their support motivated me to keep my chin up, always and every time.

As APSians, we are a strong grade, blessed with our own remarkable talents. For me, it is important to acknowledge that our success lies in drawing from each other's strengths, rather than overcoming challenges alone.

Surround yourself with good people – those who will celebrate and motivate you.

Ask for help when you need it – you are in a place that encourages you to do so.

You are a work-in-progress – don't expect to get everything right the first time !

No one is holding you back – not your friends, your teachers, nor your parents; you are the only one who can limit yourself.

The key to success.. is hardwork.
And the key to work hard is to enjoy every moment of it with a smile.

Let's take our School to greater heights of success. We will travel this road together and work in unison !

Riswanth R
Class - XII Commerce (2020 -21)
Head Boy

From the Editor's Pen

"The Celtic Knot, a perfect blend, unity of mind and heart".

I welcome all the readers to this edition of the School Magazine 'Splash Literati - Virtual Diaries'.

Amidst all the ambiguity which prevailed, we at APS, Wellington made an honest and sincere attempt to hone the skills of our students - with the online mode of teaching and learning. The academic year was toughest ever not only for us but also the teachers world over. We have however tried to surmount all the challenges in our humble ways.

'Team APS, Wellington' worked hard through the 'COVID Times' to put together this magazine. All the articles and material were submitted by the students 'Online'. Major focus was on aspects learnt by the students during the COVID and Lockdown Times.

The Editorial Board with its stoic motivation, has ensured perfection in every aspect of the magazine. I would like to take this opportunity to thank all the members of the Editorial Board, the Teaching Staff and the Management for their support in bringing out the school magazine with its unbound aurora of creative expression, which promises to enthrall every reader.

ANNUAL REPORT

The year 2020 – 21 has been incredibly unique, unusual and challenging. The unforeseen pandemic demanded 'out of the box' thought process and action. Traditional classroom teaching of 'Chalk and Talk' saw a paradigm shift. Virtual Education, which was a distant dream, became a reality. Pedagogy shifted from personal to virtual teaching-learning and from seminars to webinars around the world.

We, at APS Wellington, were no exception to this situation. We braced ourselves for the new journey of virtual Teaching-Learning. To empower our teacher and taught, we moved to virtual platform using Google Suite for Education. Teaching shifted from traditional 'Brick and Mortar' Classrooms to Google Classrooms.

Aim of education is all round development of the learners.

As the lockdown forced stay-at-home, we, at APS Wellington, revamped all the co-curricular activities under Ek Bharat Sreshtha Bharat, Atma Nirbhar Bharat, Artsy Lens and IT Club heads, smoothly conducted on the virtual platform. The Virtual Assemblies helped in a greater understanding of the happenings in the world around us. We provided access to Expert Career Counselling sessions, online learning resources, indigenous videos and presentations for our students. Students were taken on virtual picnics to a myriad of interesting locations.

Learning outcomes were tested using a wide variety of testing tools viz Google Forms, Testmoz, Exam.net.

We realised the importance of emotional well being at a very early stage of pandemic. Our teachers stayed in continuous contact with the learners and their parents as an assurance to our stakeholders. Virtual Parent-Teacher interaction was conducted once in a month thus maintaining healthy communication.

'Safety comes first'……. Age appropriate cyber etiquette modules were designed by our IT team for the benefit of our students. The school website was redesigned as a commitment to reach out to stakeholders and thus facilitating Online Admissions, Fee Payments, Transfer Certificates and time to time virtual updates.

School is where we all belong. It is a home away from home. All the classrooms are well ventilated and have smart boards. The state of the art Biology, Physics, Chemistry, Mathematics, Junior and Senior Computer and English Language Labs foster hands on learning experience for our learners. A well equipped resource room is curated and designed for slow learners and learners with special learning needs. Entire school campus is Wi-Fi enabled to facilitate our teachers to take virtual classes.

Books are a man's best friend…..Our School library has books that interest all age groups. Every year a substantial amount of effort is invested to update the school library with an aim to widen the intellect of our learners.

Our administrative staff provided support staying behind-the-scene. During the initial lockdown period and round the year, they worked relentlessly ensuring smooth functioning of the school on a day to day basis. The housekeeping staff ensured a clean and safe campus. As the school was non functional in its true sense, the support staff harnessed their creative skills to develop a Sensory Pathway at the Kindergarten School, Gurkha Hill and at the Main Branch.

'Back to School' campaign motivated the teacher and the taught to come back to school and function under the 'New' normal. All necessary COVID precautions were taken in order to conduct regular classes smoothly. We reached out to the stake holders and assured our commitment towards the safety of our students.

I am proud to report that the pandemic has helped us emerge stronger.

Tough times don't last; Tough people do!

Mrs. Sharmila Ganapathi
Principal

Coordinator's Desk

When the going gets tough, the tough gets going!! When the world was gripped by the COVID fever, schools all over adapted to the challenges posed. And Online Classes became the buzzword and Army School KG was no exception.

There were many interesting and interactive sessions with the kids and their parents. We introduced numerous games to keep their young minds ticking with curiosity. Some of the highlights this year were the interactive Youtube Videos custom made by KG teachers. A Story Telling Session by Ms. Diya Purkayastha captivated the children. This was followed by an Art and Craft Session. Teacher's Day saw children singing and dancing for their mentors. The year ended on a high note with children making Christmas tree decoration out of their own art and craft items. Activities which ignited their nimble fingers were gardening, cooking, vegetable printing and paper folding to name a few. The biggest take away was the very nature of the online classes. Teachers had to constantly innovate to engage the kids with a series of activities such as Story Telling through Puppetry, Yoga exercises, reading through FlashCards and getting to know each other online! This year has truly taught us the value of rising to the occasion.

Mrs. Jyothi Menon
Coordinator
(Pre-Primary wing)

"That's one small step for man, one giant leap for mankind" Neil Armstrong

The small step taken by our school is a vow to produce strong individuals whom the world will cherish for their fine virtues. Learning at our school is based on the fundamental principles of life; teaching the children to be courageous, confident, disciplined, responsible and loyal.

Education at our school provides a foundation for a lifetime of learning and is great fun too. We have brought a tremendous change in the educational system. We have the privilege of grooming individuals for tackling the challenges in the future. Today, the role of a school is not only to pursue academic excellence but also to empower its students to be lifelong learners. We try to provide the best possible environment for healthy development of young children by providing a carefully planned and structured environment in which the child grows and learns in a natural way.

The COVID-19 pandemic has changed education system this year. With schools shut across the world, teachers and students had to adapt to new teaching and learning methods.

During these testing times, we stayed connected with our students with the help of technology. Online classes were conducted through Google Meet and students attended the classes virtually. Like a normal day, the hours were filled with activities and homework. Parents appreciated online classes as they did not have to worry about the academics of their children during the time of lockdown.

Even if learning goes online, extracurricular activities need not stop. Co-curricular activities were undertaken side by side. Virtual field trips to various places were organised with an aim to make education exciting. I take this opportunity to thank our dedicated teachers, co-operative parents and ever enthusiastic children.

Best and warm wishes.

Mrs. Anitha Arokia Rani
Coordinator
(Junior Wing)

Coordinator's Desk

"Every pain gives a lesson and every lesson changes a person" - APJ Abdul Kalam

We stand poised on the threshold of a new era, an era of renaissance, an era of change in the dynamics of education. Ways and means of imparting and receiving education have always undergone changes according to the demands of the time.

Parents had been well informed about the modalities of conduct of online live classes. A convenient weekly timetable was set for the same. Teachers were trained to conduct online live classes.

Videos, Power Point Presentations, Virtual Lab and content was shared with the students. The recorded videos of classes conducted were shared in Google Classroom. Examinations were conducted online. Parent-Teacher Meetings were conducted online. Parents' feedback on the conduct of virtual classes was encouraging. Special classes were conducted for the Board appearing students. Educators were constantly helping students by sending content, worksheets and solved questions.

Class wise groups and subject wise groups were created on Whats App. Teachers were constantly in touch with both parents and students using Whats App, G Suite, Google Classroom and Google Meet.

May our desire to achieve excellence in all our spheres make us surge ahead with renewed energy each academic year.

Best wishes for all your future endeavours.

Mrs. Janila Paul
Coordinator (VI - XII)

"Be Brave, Take Risk and Nothing can substitute your experience "

We live in a world that is changing constantly. These changes create complex challenges for students as they anticipate their future. They are not abstract operations. They are real and will continue to have substantial impact on the personal, social, and academic development of students.

School Counselling is imparted in four domains (Physical, Emotional, Psycho Social and Cognitive). These services and programmes help students to resolve emotional, social or behavioural problems and help them develop a sense of direction.

During the Pandemic times, we stayed in continuous contact with our Students and their Parents to ensure their social and emotional well-being. Various individual Counselling Sessions over telephone were conducted for children who were unable to cope with the forced lockdown.

Specific time slots were alloted in the time table for teaching life skills, moral values and ethics. The time was utilised optimally to teach the values we stand for.

As a special initiative, Career Counselling Session was conducted for Class 8 as well, in order to help them to pick up their choice of career.

To assess the physical and mental well being of the children, Assessment Tests were conducted and depending on the results of the Assessment Report, individual Counselling Sessions were taken up.

I extend my heartfelt thanks to all the Parents, Students and Colleagues for the cooperation extended. All these steps have helped us to realise our goal of moulding emotionally sound young minds for a better tomorrow.

Mrs. P. Susheela
(School Counsellor)

DIGITAL INITIATIVES

1. Registration for G-Suite :

'Learning never stops' and it should not beany different during the COVID-19 pandemic situation. The learning was neither stopped nor interrupted in APS, Wellington. This pandemic has pushed the educators to bring out innovations in teaching- learning process through technology. APS, Wellington took the initiative by registering the school as an educational site in G-Suite for Educational Account in the Google. Each member of the APS family was given a G-Suite ID, including the students. The teachers and the students used this platform for teaching as well as learning process.

2. ONLINE CLASSES :

APS, Wellington took enormous effort in building a complete virtual school on 'apswellington-edu.in' in the G-Suite cloud where classes were taken online using various features available in the Google G-Suite cloud-based applications including 'Google Meet'.

3. ONLINE EXAMINATION :

Virtual Assessment was never easy until we practiced it . Assessing the students is a very important part of school curriculum. Regular online examinations were conducted through Google Forms, Exam.Net as well as Google Classroom. The students' marks were entered in the 'digicamp' where the parents could monitor their child's performance.

4. ONLINE COMPETITIONS / ACTIVITIES :

Various activities and online competitions were held for all the classes, where the children participated and showcased their talent. In an effort to break the monotony of normal routine of school, virtual picnics were conducted where the children not only enjoyed themselves but also experienced a new type of picnic.

5. ONLINE ADMISSIONS :

Online Admissions were done through 'APS Digicamp' application. The fee payment and the admission process were made available online, which was a great help to the parents. This fee payment gateway was used by the parents for paying the fee.

6. ONLINE FACILITY FOR TEACHERS :

Online teaching was a new experience for teachers. In order to make them well versed on the technological issues, the School Management had encouraged the teachers to take part in a number of online workshops and webinars. These were conducted by various resource persons and institutions. Online Staff Meetings were held on a weekly basis for exchanging best practices and mutual learning amongst the teachers.

CONCLUSION :

The school has made sincere efforts to ensure that the students never missed out on anything that they had during regular schooling. APS, Wellington has used the technology to its brim to reach out to students, parents and also to assist the faculty.

Mrs. B. R. Lalitha
(TGT Computer Science)

Special Educator's Report

"A child with special needs will inspire you to be a Special kind of person" - Elaine S. Dalton

The year 2020 - 21 was declared as the year of 'Inclusive Education' by AWES.

As a special educator, my primary job was to identify children with special needs.

Functional Assessment Checklist for Programming (FACP) tool was administered on the identified students to assess their special needs. Since this year has been a virtual learning year, 'a separate time slot' was allotted after the school hours to reach out to the students with special needs. With the help of technology and support of parents, these students were trained in various areas viz Life Skills, Academics, Social and Behavioural development. Plethora of custom made activities were conducted such as Joining Beads for Eye - Hand Coordination; Drawing, Colouring, Sand Play and Play-Dough to develop Psychomotor Skills and Tongue Twisters for Speech Therapy. It was immensely satisfying to see the improvement in the students.

"They said he wouldn't, but he did. They said he couldn't, but he can. They said he won't, but he will" - Unknown.

Ms. Uma Maheshwari K
(Special Educator)

SAFE THROUGH THE TURBULENT TIMES OF COVID 19
THE NEW NORMAL

The only thing more difficult than going into the lockdown.... was coming out of it. But APS, Wellington had strategies in place for both.

The Management, faculty and staff had planned and organised all the safety precautions as per directions / instructions issued by the Government and also by the AWES. Orders for conduct of regular classes for Std. 10 and 12 were received on 19th of January 2021.

Orders for conduct of regular classes for Std. 9 and 11 were received on 8th of February 2021. All the students of classes 9 to 12 along with faculty and support staff were administered RTPCR test as per the norms of the Government, courtesy DSSC MI Room, MH Wellington and Tamil Nadu State Government.

The following measures are in place to combat COVID-19 :-

(a) Facilities for sanitisation of hands at the entrance.
(b) Temperature check at the entrance.
(c) Automated hand sanitiser machines inside class rooms.
(d) Cleaning of the campus using appropriate disinfectants.

RT PCR Test and Medical Check-up

Back to School ..... The 'New' Normal

after the 'Jab'

Support Staff harnessing their Creative Skills during Covid times...

A SWEET MEMOIR

I joined Army Public School, Wellington as PRT during our second year at DSSC. It was a great experience to get back to 'teaching' after two years break since my last teaching assignment at Babina. I taught classes I & II in the year 2019-2020. During the course of the year, I enjoyed the interaction with the students and their parents throughly. Being a mother to two school going kids, I was conscious of the value that a strong foundation in Junior Classes was important for the young students and I put in my best efforts to ensure that. I enjoyed the cordial atmosphere at school and as I moved out of Wellington, I carried along good memories of the school.

Mrs. Deepakshi Mukherjee
PRT (2019 - 20)
Class Teacher - Std. I-C

JOURNEY OF BEING A PART OF APS FAMILY

"Do not let what you cannot do, interfere with, what you can do".

To be successful as a leader, one needs to identify goals, take measured actions and get results, because at the end of it all leaders are measured by what they are able to deliver. Being the School Head Girl, I left humbled and grateful which made me realise; to succeed, you must be willing to experience failure.

I am touched beyond words by the dedication of our teachers. I thank every staff member and my dear fellow students for making this journey a memorable one. Looking back down the memory lane, I feel convinced that 'Success is found beyond our comfort zone'. Without a home like Army Public School, to surge forward and create a path of wonders, would have been impossible indeed.

T. Dhanya
Head Girl (2019-2020)

Parents' Corner

I am Suryameet Roy (Mother of Nysha Roy from Class 1-A), and I would like to share the feedback about the academic year 2020 - 2021 and the online classes held by Army Public School, Wellington.

I really appreciate the efforts put in by the School Management, Principal and Teachers to hold online classes flawlessly and keeping the attention and interest of small kids undeterred.

In a short span of time, the School Management and the Principal inducted the online education tool "Google Classroom" and the teachers adapted to the new way of learning.

You ensured that the children do not waste a year of learning and made sure that the children concentrate and study even in this kind of tough situation. You all ensured a balance of classroom learning and homework practice session very judiciously.

The exams were also very well planned where there was a mix of objective and descriptive questions.

Other than studies, the school ensured that extra-curricular activities and competitions were held on a regular basis. In a way, children didn't miss their physical school as all activities were held for them.

There was a fun element also. As extra sessions like story telling / craft activities were planned.

At the end, I would like specially thank the Principal and all teachers for putting in their best efforts throughout the year. Thank you for supporting our children in this new way of learning.

- Suryameet Roy

Dear Army Public School,

I am the father of Udai Singh Chauhan studying in Class IV-A. I was posted in Wellington last year and subsequently moved to Mhow in August 20. However, we continued with online classes even in the new location. The online class experience has been truly satisfying. All teachers have adapted to the online system of teaching and learning for the children and the overall experience has been very good.

With warm regards

Col. Samar Singh Chauhan

STRIVE FOR EXCELLENCE

WINNERS' ARCADE
OLYMPIADS

Olympiad Examinations at school level are competitive exams based on the school syllabus, which are conducted by various organisations. These exams enable the students to become academically competent, gain skills and abilities to solve complex problems.

Army Public School, Wellington is keen on providing this kind of exposure to every student. During this pandemic the children of our school have participated in Olympiads virtually and have successfully completed their examinations.

The following students participated in the various Olympiads. The results are awaited.

Ser. No	Name of Student	Class	Name of Olympiad	Subject
1.	Rasish Koslia	III A	SOF	Science
2.	Anushka Singh	III A	SOF	GK, Science, English
3.	M. Shriya	III A	SOF	Science, Maths
4.	Siddhant Dubey	IIIA	SOF	English, Science, Maths
5.	Shriyans Chowdary Sajja	IIIA	SOF	English
6.	Swadha Singh	IVA	SOF	Science, GK
7.	Rishabh Mahant	IVA	SOF	GK, Science, English, Math
8.	Anoushka Shanker	VIA	Silver Zone	Science, English, Math
9.	Bavitha	VIA	Silver Zone	Science, English
10.	Ayesha Arya	VIII	SOF	GK, Math
11.	Aarush Singh	VIII	SOF	GK, English, Science, Math
12.	Anurag Ganapathi	VIII	Humming Bird Spell Bee	English
13.	Rishabh Mahant	IVA	Humming Bird Spell Bee	English

APS goes International

Act International (Dubai) had organised a Hindi Recitation Competition for Junior and Senior Categories to celebrate 2021 Republic Day of India.

Around 160 candidates from 180 schools belonging to 8 different countries participated in the International Inter School Hindi Recitation (poem) Contest. Myra Grover of Grade VII and Adya Mishra of Grade V took part in the Recitation Competition and brought laurels to school.

Ayesha Arya

KALEIDOSCOPE

EVENT COORDINATOR'S REPORT

"Creativity is an essential element of education, just like reading, writing and arithmetic. Art unlocks profound human understanding and accomplishment".

Co-curricular Activities (CCA) play a very important role in the overall development of a child, and are therefore an essential element of the entire learning process at school. Team APS, through an astute focus on CCA, endeavoured to enhance social skills, self-confidence, general knowledge about various cultures and traditions, moral values and strength of character.

As the Event Coordinator for the academic year 2020-21, it has been my proud privilege and a singular honour to plan, organise and conduct various activities for all classes. The task was much more challenging as compared to previous years, due to the prolonged lockdown under the ever-present threat of COVID-19. The activities were required to be planned and conducted in a manner such that children could participate from home, and submit their entries online.

It gives me immense pleasure to share that the activities, interspersed within the "online" academic curriculum, provided a creative outlet to students. Besides providing a rich learning experience, these activities helped in achieving the larger objective of development of leadership skills and personality of students. For the first time, the school introduced six new and extremely relevant Clubs in the curriculum, namely, 'Ek Bharat Shreshtha Bharat', 'Atmanirbhar Bharat', 'Fun Club', 'Literary Club', 'Artsy Lens' and 'IT Club'.

I must take this opportunity to convey my deepest gratitude to all children who participated enthusiastically to showcase their creative side; to all parents who encouraged participation of their wards; and to all staff members who supported me in execution of various activities. I would like to thank the Management of APS Wellington and especially Mrs. Sharmila Ganapathi, Principal, for her unstinted support and valuable guidance to make each of the activity a grand success.

So please read on for a glimpse of our varied clubs and activities.

Mrs. Supreet Sachdeva
(Event Coordinator)

Ek Bharat Shreshtha Bharat

'If you want to go quickly, go alone. If you want to go far, go together.'

In the Club titled, 'Ek Bharat Shreshtha Bharat', the activities were performed with the underlying theme of 'togetherness'. The activities endeavoured to propagate the message that "only if we are united as human race, we can achieve remarkable feats in life." Activites like 'Message on Mask'and Rakhi making were organised to spread the message of humanity, brotherhood and unity amongst all.

Teachers Incharge :
1. Mrs. Narayani
2. Mrs. Kirandeep

Students Incharge :
President : Sanskriti Dash (Std. XII)
Secretary : Hershein Sachdeva (Std. VII)

Atmanirbhar Bharat

'Self-reliance is the only road to true freedom.'

Envisioned by the Hon'ble Prime Minister of India, Shri Narendra Modi, 'Atmanirbhar Bharat' aims to transform our country into a self-reliant nation. Atmanirbhar Bharat is not just a slogan but a vision with deep roots in our intellectual traditions. Under this club, voluntary activities were undertaken by the students wherein teachers encouraged them to develop attributes of self-reliance and independence in life. Activities were planned according to the age group of students, which helped them develop confidence and life-skills.

2. Ms. Priyadarshini

Students Incharge :
President : Manushree Singh (Std. IX)
Secretary : Nihan Anoop (Std. IX)

Fun Club

'Do anything, but let it produce joy.'

The process of learning is incomplete without fun. Team APS believes in holistic development of a child through various fun-filled activities, which attract students. The aim of Fun Club is therefore, to engage the children in a learning process that is both joyful and challenging at the same time. Innovative teaching activities such as 'Best out of Waste', 'Creative Art Decor', not only enhanced their self-confidence but also brought out their hidden creativity and team spirit.

Teachers Incharge :
1. Mr. Arun
2. Mrs. Divya Singh

Students Incharge :
President : Tejas Upadhyay (Std. VIII)
Secretary : Anukriti Patnaik (Std. VII)

Literary Club

'Language is the roadmap of a culture. It tells you where it's people come from, and where they are going.'

While language is a composition of words and sentences, literature is an expression of thoughts. At APS, we believe that good language skills play a crucial role in the development of higher order literary skills - be it in the form of prose, poetry, short stories or public speaking exercises. The aim of Literary Club was to encourage children to share their insights on life and school issues whilst boosting their creativity, reasoning ability and self-confidence. Elocution, extempore, debates, language days (Hindi, Sanskrit), were celebrated with great elan. Popular amongst all age groups, this club was one of the highly subscribed activities.

"Photography is a way of feeling, of touching, of loving. What you have caught on film is captured forever... It remembers little things, long after you have forgotten everything."

It is said that photography is a strange invention, with light and time as its primary raw material. Photography is a feeling - if you can't feel what you are looking at, then you are never going to get others to feel anything when they look at your pictures. Keeping this in mind, APS Wellingon introduced 'Photography Club' for its students, for the first time. Due to social media, children are already exposed to a continuous feed of photos and videos. In order to channelize their creative facet, this club was introduced, wherein children of all classes sent photos in different categories. Few selected photographs were thereafter shortlisted and have also been included in this School Magazine.

IT Club

'IT will make the world fantastic'

Presentations

It is said that the best way to predict future is to invent it. Team APS strived hard to inculcate the habit of reading about new technologies and developments amongst the students. The 'IT Club' was introduced for the first time in 2020, to encourage students to develop their innovative skills. Various competitions were held throughout the year for Junior and Senior Wing. Smart Painting, Digital Presentations and Binary Quizzes were organised by IT teachers to enhance interest in technology amongst students.

A SNEAK PEEK INTO ONLINE ACTIVITIES

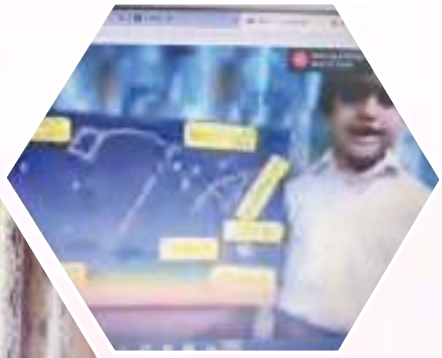
Investiture Ceremony

The Army Public School, Wellington, over many years of its existence has strived to inculcate a sense of responsibility and commitment amongst students so that they grow in life to become responsible citizens with a strong foundation. Team APS is cognizant of the fact that children have to be groomed to shoulder higher responsibilities in life as future leaders. Accordingly, this year as well, 'Investiture Ceremony' was held to appoint the Senior and Junior Council Leaders. Junior Council elections were held for the first time in APS.

In view of the ongoing COVID-19 pandemic, the 'Investiture Ceremony' for the academic session 2020-21 was conducted 'Online' for the first time in the history of the school. Nomination forms were filled online, virtual canvassing too was done by the students followed by online voting on 12th Aug 20. During the 'Online Investiture' ceremony, the honour of pinning of badges and sashes was done by respective parents. The Student Council took oath, which was followed by the address of Brig Ashok Nair, Chairman APS, and Mrs Sharmila Ganapathi, Principal. The School Newsletter was also unveiled on this occasion, and all the Council members were presented with 'E-certificates'.

V-SIGMA-2020

In it's 6th edition, the 'online/ virtual' Science Exhibition, 'V-SIGMA 6.0' was organised on 12th - 13th Jan 21. An acronym for SUMMATION OF IDEAS OF GREAT MINDS of APS, this showcase event, which was conducted 'online', saw an active participation from students of all classes. Children gave presentations on various interesting themes and showcased their talent through singing, short skits, and many other cultural activities.



VIRTUAL PICNIC

A 'Virtual Tour' was organised online for all students on 29th and 30th Sep 20. The School normally organises an excursion to various places in and around Nilgiris, to give them an exposure to embrace the culture of various places. Since the same could not be organised because of the COVID situation, it was endeavoured to provide a similar experience through virtual tours. This unique concept was very well appreciated and liked by all students.

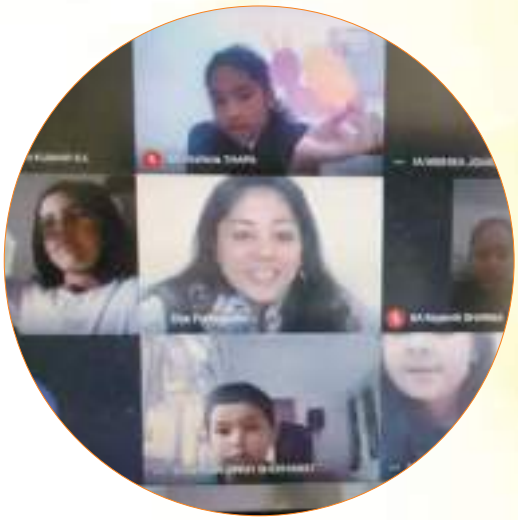
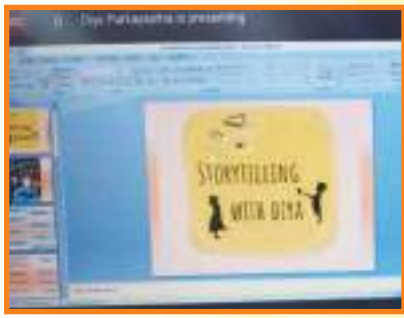
STORY TELLING

An 'online' Story Telling Session was organised by Mrs Diya Purkayastha for the tiny-tots of APS, on 29th and 30th Dec 20. In order to drive home the moral of the story and to make it more interesting for children, the session was concluded with a craft activity, which was related to the story.





'FIT INDIA' RUN

As part of the initiative of Govt of India, Ministry of Youth Affairs and Sports, the **Fit India Movement** conducted the **'Fit India Freedom Run'** from 15 Aug – 02 Oct 20 to encourage fitness and free us from obesity, laziness, stress, anxiety, and diseases. At APS Wellington, this run was organised for all teachers and students from 21st to 25th Sep 20. The concept behind this run was, 'Run Anywhere, Anytime!'. In the times of global pandemic, to avoid crowding, the run was done at a time of individual's choice and tracked using a GPS watch or a tracking mobile application.

UMANG - 2020

To celebrate Children's Day with fun and happiness, a mega fest was organised on 12 Nov 20 with the theme, 'Umang' (Zeal). In sync with its theme, the activities truly brought happiness to children. As part of the day's events, various competitions were conducted in senior and junior categories. Mrs Supreet Sachdeva, CCA Co-ordinator, presented the results of these competitions on 13 Nov 20. The teachers presented a cultural programme for children and gave their good wishes along with fun messages in the form of a video, which was compiled by the IT Department. It was one of the most successful mega events of the year.

INTERNATIONAL YOGA DAY

A 'virtual' Yoga Day was observed on 21 Jun 2020, to spread awareness about the innumerable benefits of yoga and a healthy lifestyle.

COUNSELLING SESSIONS

Counselling sessions were conducted by Mrs. Shimona Pant, who guided students on diversified fields that can be taken up and how innumerable opportunities can be explored through various courses available.

Akash Institute also conducted a counselling session for children of classes VII and above wherein guidance was imparted about selection of science subjects and various opportunities in the field of science besides being a doctor or engineer.

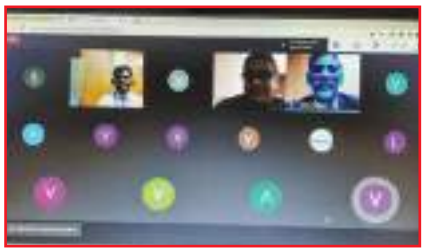
Mrs. Susheela, the School Counsellor conducted motivating sessions for school children on regular basis and guided them to remain focussed and think positive, especially during pandemic times.

INSPIRATIONAL TALK

During the academic session 2020-21, a number of inspirational/ motivational talks were organised online, for students of all classes, and especially senior classes. School toppers Ms. Nimisha Awasthi, Ms. Udita Dabas, Ms. Shivani, Ms. Roshini shared their path of success with students of class X and XII.

On similar lines, Ms Shimona Pant and Ms Nidhi Awasthi conducted sessions on 'Career Counselling' and how to be 'stress free' during exams and score better.

Webinars and Seminars



During the year 2020-21, the teachers of APS regularly upscaled their teaching skills through Webinars organised under the aegis of Army Welfare Education Society (AWES), Faculty Development and Research Centre (FDRC), New Delhi. A special seminar was also conducted in the school, for all teachers, by Ms Ruma Purkayastha (former Principal, Navy Children School, New Delhi). All COVID-19 protocols were strictly followed for the seminar.

Special Assembly

'Light maintains its quality irrespective of its source. Similarly, knowledge is always good regardless of its source.'

Kids need positive messages now more than ever.

Virtual Morning Assemblies were held every day and they formed an integral part of the school curriculum to celebrate the unique features of our country, and to promote the notion of "Ek Bharat Shreshtha Bharat".

Routine activities in the Morning Assembly included prayer, hymns, inspirational thoughts, pledge, current affairs and the National Anthem.

All the important national days and festivals were celebrated in the school through these assemblies. The essence of the festival or the special day was portrayed through dance, music, mime, role play, and audio visual presentations. Glimpses of some of the special assemblies conducted by our school can be seen below.

Saksham
(Sanraksha Kshamta Mahotsav)

In order to promote fuel conservation and clean energy, a campaign was organised by Petroleum Conservation Research Association (PCRA), in consortium with Hindu Group of Publications.

* Students of Class 6 to 8 of APS Wellington, participated in the event.
* Discussions related to energy consumption and how students can do their bit to save fuel were also conducted by the teachers.
* All children along with their teachers, undertook the pledge to save energy, 'Switch off Something', and to promote clean energy.
* This campaign helped in generating awareness about methods of fuel saving and making earth a cleaner planet.

Career Guidance Programme

A career guidance session was organised for the parents and students of Class VIII. This proved very informative and useful. The session was conducted by Mrs. P. Susheela (School Counsellor) and Mrs. Deepa Subramaniam. The students got a clear perspective of the process of selecting a career of their choice and interest.

Mrs. Sharmila Ganapathi, the Principal of Army Public School Wellington, honoured the gathering with her welcome speech, and thanked them for their contribution to this useful and informative session. Mrs. P. Susheela, the School counsellor concluded the session by telling the students about the importance of discipline. She motivated them to set their future goals, and keep working towards their goals with utmost sincerity and hard work.

Overall the programme helped the students to have a better understanding towards career guidance and also helped to identify their goals.

A Squirrel

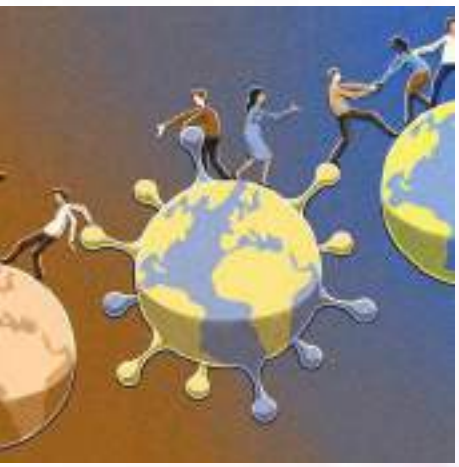
Sitting under a tree,
On a holiday free.
By a lake,
having a cake.

A nut falling from the tree,
followed by a squirrel in a flee.
Waving its bushy tail,
following its trail.

Lovely stripes on its back,
running to and fro on the mud track.
The lovely creature came to me,
Grabbed the nut close to me.
The creature who was harmless came to me,
Said 'Thank you' in a way that could never be.

Aarit, Std. VII

Hoping for a better tomorrow



Life was fast paced
We couldn't slow it down
Until one tiny microbe
Decided to run us down.

Suddenly roads were empty
Parks and footpaths were lonely
Everybody was inside their home
All locked down.

I never thought I would say this
But I miss my rides to school
I miss sitting next to my friend.
I miss playing with the silly fools.

I wish this year would end
And I could get back on ground
Hanging with my friends
No more confined to my house

Dreaming of the day
Without any masks
A world without infection
And the virus underground.

- Vaibhav Nayak, Std. V

Blessing

It was somewhat
A silent day,
I was counting the blessings,
that came my way.

My caring parents,
Who fulfill all my needs
And make sure my development,
Is going at full speed!

The blessing of
A brilliant school,
That is weaving my character,
Like a craftsman's spool.

My loving peers,
Always by my side,
In the same boat,
For the bumpy ride!

As I was still counting,
There were still so many more;
And more were standing
Knocking at my door.

Lord I am thankful,
For the blessing sought;
How grateful I am,
For all that I've got!

- Shivani, Std. IX

Fun after Covid

COVID has certainly proved to be the greatest disaster of the century. The horizon of COVID has surpassed all boundaries and now it has been declared a pandemic. Well, as they say 'The show must go on', the world has found a way to deal with this fatal disease. With the norms of Social distancing, Masks and Sanitizers set as ground rules of every household, SMS has got a new meaning.

And rightly for us, it started as an opportunity to take undue holidays from school and enjoy at home, but now it has all gone very awry. Restrictions certainly ruin any sort of holidays but we had our share of fun wherever possible.

Starting from the online class lectures, interactive exercises with everyone sitting at their places, everything seems like normal. Technology came to the rescue. Then everyone of you had a chance to learn new things, inculcate new hobbies and add a gem to our personality. Fun exercises like art, puzzles, books, new languages, painting and learning a musical instrument, photography, to name a few.

COVID also gave us an opportunity to spend more time with our loved ones which could not have been possible with the strict daily schedule of our parents. A short walk, morning yoga sessions, walk with our pets these things forever got etched in our memories as the cherishable moments.

As it is rightly said, 'Keep Your face towards the sunshine and the shadows will fall behind you".

Taking precautions is a must but it depends on us how we want to make the best out of even the worst.

Vaibhav Nayak, Std. V-A

A Dream, I wish was true

I am at the beach, relaxing. What a beautiful beach it is! The people are surfing the high waves on their colourful surf boards. Tiny little yachts far away with their sails open. Dolphins jumping out of water is such a charming sight. I am lying there on the beach. My brother as usual is crying for ice-cream. My Mom and Dad are relaxing on the beach benches. How wonderful it feels!

I am so grateful the COVID pandemic is over and we all can come out of our houses and enjoy our lives as we used to earlier. What a fun day! Suddenly, I hear Beep - Beep. Oh!Somebody stop it! It is so irritating. Beep-Beep. I open my eyes. Alas! It was a dream! Oh No! I am not at the beach. I am still at home. Covid is not over yet.

I hope all this gets over fast and I can go to the beach soon.

- Shravan Nair, Std. V-A

My Mother

You are my favourite angel,
I want to make this clear.
You are the beautiful soul,
Who brought me here.
You are above the rest,
You are truly the best.
You showed me light,
Told me what's wrong and right.
I love you more than any other,
I am glad, I've you as my mother.

M. Shriya, Std. III-A

First day of my Schoool

(True experience)

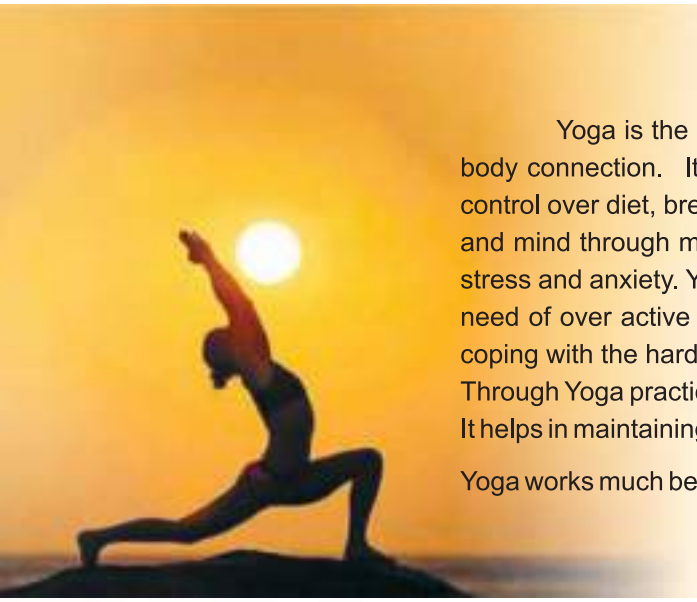
When I entered the school &
Heard the ringing of the bell,
My heart was beating like bell.

I did not attend the assembly,
Still holding on to my mother's hand tight,
It's time to go to my class.
Heard some voice "We will take care you may go"
I turned back to see,
It was my Principal.

Mother forcefully removed my hand
Tears rolling over my cheeks.
My principal hugged me,
My class teacher stepped out to hold me.

I was still scared.
My teacher Rolly Banerjee
Made me feel at home,
Still I was waiting to get back home.
After a few weeks of school
It felt like a real start,
I was never scared again,
This is my universe,
And this is my Dream school,
Wow! My Army Public School.

Yaanith, Std. IV-A



Power of Yoga

Yoga is the most favourable method to connect to the nature by balancing the mind-body connection. It is a type of exercise which is performed through the balanced body by control over diet, breathing and physical postures. It is associated with the relaxation of body and mind through meditation. It is very useful to control mind and body and for reducing the stress and anxiety. Yoga can be practiced by anyone as an exercise on daily basis to fulfill the need of over active and ever demanding life especially of teenagers and adults. It helps in coping with the hard times of the life and pressures of school, friends, family and neighbours. Through Yoga practice, one can manage and deal with his / her problems and stress effectively. It helps in maintaining the connection between soul, body, mind and nature.

Yoga works much beyond the mat . 'Inhale the future, exhale the past...'

Niya, Std. V-A

Soldier

There is no fear in a soldier,
You can see it in his eyes.
There is bravery in a soldier,
You can see it when he fights.
There is patriotism in a soldier,
You can see it when he takes Oath.
There is a fierceness in a soldier like pard
You can see it when he walks.
A soldier sacrifies his life for the nation.

S. Navya, Std. IV-B

My Special Birthday

How I eagerly wait for this day every year to celebrate my birthday! I believe every birth day is special as it is the day when I am made to feel nothing less than a princess.

My parents celebrate my birthday with great joy and excitement. The school allows me to come in colourful dress and distribute chocolates to friends and teachers.

On my last birthday, my father was away on sailing and was not likely to return by the evening for birthday party arranged by my mother. I was happy that it was my birthday and I was with my friends, but also felt sad as I was missing my father. Suddenly the door bell rang and to my surprise, it was my father who was standing with a beautiful bicycle which was my birthday gift.

The big surprise I got on my last birthday made it very very special which I will never forget.

- Prishita Tewari, Std. I-B

Life of an Army Kid

The life of an Army kid is like a roller coaster ride. Sometimes enjoyable and smooth, for example being in a good place like Delhi, Pune or Wellington and sometimes rough being a God forsaken place. But all said and done, 'I love it'. The experience of meeting and making friends with strangers who become your best of buddies in no time is memorable. Every two years moving to a new place and exploring the same is an experience that can be given to you by the Army only.

Learning so much from so many different teachers in plenty of schools is also an experience by itself. Though it is sometimes tough and heart breaking to leave your friends and teachers behind but keeping in touch with them over long distance is also memorable and good fun. In my next birth too I pray to God to be born as a proud and happy Army kid.

Mitrajeet, Std. III-B

The Unsent Message

It's the unsent message,
That I've been shaping for a while.
As it carries various truths,
Which beheld a lie,
And a few lies,
That now, have become our lives.
I carry this unsent message,
To destroy the age of agony,
And to save us from our future cries,
This is the only way that I see,
But trust me, there's nothing in this
Which I intend to hide...

Mansa, Std. X-A

Technology in Education

Technology in education has come a long way. It is now more accessible than ever to create interactive lessons. Students learn better when the chosen technology is complementary to the school's educational methods. For example, blended learning cannot function without technology. Seventy percent of the students report higher grades and better attendance in active learning environment that uses technology than the traditional methods of learning. Technology can improve the educational process and yield better learning outcomes. Integrating technology in the classroom is more than welcomed by students and teachers both.

Rahul Shankar, Std. X

The Future of Information Technology

Our age is known as the age of information technology. Information technology with its superhighway has not only revolutionized man's way of working but also his very existence. IT revolution is sweeping our civilization by bringing about unfathomable changes in our present day civilization. 21st century belongs to the IT world.

It consists of a number of allied modern advancements such as computer, internet, websites, surfing, e-mail, e-commerce, cellular phones, paging, fax machines, smart cards, credit cards, ATM cards etc. All these have been possible due to the advancement in information gathering technique or system which is known as 'Information Superhighway' which, like a highway, opens us to a world of technology and information full of immense possibilities.

R. Nikita, Std. X

Lessons learnt from Corona Times

The Corona Virus pandemic has affected all of us in one way or another. It has been a turbulent time for those who belong to the field of education. All of us experienced an unexpected lockdown for the longest time. We were suddenly forced to rethink the way we worked, the way we studied, the way we lived. It was a dramatic change and a steep learning curve. There were a number of hardships of course, but there were also thousands of stories of solidarity and resourcefulness. Stories of neighbours supporting each other, of small business finding ways to serve their customers, and of teachers trying their best to be there for their students.

- A. K. Yashini, Std. VIII

We can't go to playground,
Because Corona is everywhere around,
This virus is scaring,
But the doctors are fighting and daring.
Scientists are trying,
And the people are dying
Be wise and think twice before going outside,
We are infected by cough
So the Corona is becoming tough
Corona is giving us a big task
So we are wearing a mask.
We are getting fever
And the doctors are our life givers
After coming home sanitize
And wash our hands throughly
COVID-19 is the name
It is playing a hide and seek game
By following the rules we can
ensure that we win the end game.

- Ayushi Anal, Std. VIII

During Corona times, I learnt many things. Corona was a threat as well as a good teacher for me. The time I spent with my family was priceless. If it wasn't a lockdown, my father would have gone to work and my brother and I would have gone to school. So I would not have got enough time to spend with my family. This lockdown helped me to deepen my relationship with my family members. I feel that the earth is finally healing because people are staying in their homes. Lockdown has decreased air pollution as well as noise pollution caused by vehicles. If it wasn't lockdown, people would have gone to tourist places and lots of waste would have been accumulated. People are now taking good care of their health and hygiene. Now, I realised that we don't need to go to temples to pray. One can pray within himself. Only women are not meant for household works, men can also help them with their daily chores. And most importantly, I have learnt that if, as humans, we cannot stay in home even for 2-3 days, then think about caged birds and animals. The freedom which is needed by humans is also needed by animals.

- Lekha Krishnan. B, Std. VIII

My Inspiration

There are some who inspire not just a group of people, but an entire generation. Dr. A.P.J. Abdul Kalam was one such person.

He is the one who inspires me the most. He was a very humble and hardworking person. He faced many hardships in his life. In his childhood, he worked as a paperboy to sustain his family. He was the first person from Rameswaram to leave his village and go out for higher studies. Later, he became a scientist and then the Chief Scientific Advisor to the Prime Minister of India. In 2002, he became the President of India.

I always look up to his story for inspiration.

"Learning gives creativity
Creativity leads to thinking
Thinking provides knowledge,
Knowledge makes you great"
- Dr. A.P.J. Abdul Kalam.

- Naman Anoop, Std. IV-B

Parents

Mothers give life,
Fathers create souls,

They play, they laugh,
They sacrifice themselves for us.

But we children,
after a certain age,
Don't care for them,
Who were once the protector
of our lives.

There is smile on their face,
And tears in their soul,

But still they praise us,
And love us as they did,
When we were a child.

So always remember buddy,
Life is useless and unworthy
Without loving your parents.

Vihaan Singh, Std. II-B

A Lovely Sight

It is truly a sight to behold,
Doing what you want.
Not doing what you are told,
Our minds it can enchant.
A sunset is certainly a sight to behold
In the darkest depths,
The mysterious things do appear
They can truly please you and disappear
The ocean is certainly a sight to behold.

Swadha Singh, Std. IV-A

What is being independent to me?

"When I discover who I am, I'll be free" – Ralph Ellison

Independence means to be able to do things yourself instead of depending on others to do things for you. Independence also means freedom. Freedom can be of many types. Freedom to live peacefully, freedom to think on your own, freedom to do as you think right. It is very important for everyone to be independent as it gives us confidence and builds our self-esteem. When our parents trust us to do something on our own, it gives us immense joy and we feel proud of ourselves. It motivates us to do better and learn many new things about ourselves. Our parents help us to be independent so that in future we can learn to stay in this world without being dependent on anybody and we can make it a way of our life and achieve things the way we have never ever dreamt of.

Arshia Khajuria, Std. IV B

'Nature Deficit Disorder' in Children

The term 'Nature Deficit Disorder' was introduced in 2005 by Richard Louv in his book 'Last Child in the Woods: Saving our Children from Nature Deficit Disorder'.

This term caught my attention. Due to the COVID situation, the vehicular movement and the emission from factories has decreased. It has given time to the Mother Earth to revive. I stayed indoors and took up the hobby of gardening. Seeing the transformation of a seed into a plant, blooming of a bud into a flower and withering of an aged leaf brought me closer to my soil. We, humans get caught up in our worldly pleasures, drift away from the nature and end up destroying the Mother Earth. Vitamin-NATURE is as essential to us as other vitamins. Staying close to nature has taught me that we must respect the sanctity of nature or we'll have to pay a heavy price.

Anurag Ganapathi, Std. VIII

A Special Birthday

A birthday is the most special day in one's life. My name is Saatvik and I celebrate my birthday every year on 5th October. This year I turned 6. The theme of my birthday was 'Spiderman' as I like Spiderman very much. My cake and decoration revolved around the same theme. It was a special birthday but many of my friends could not join the party due to COVID. Still few of my friends who stay nearby dropped in and we had great fun.

- Saatvik Bhardwaj, Std. I-B

Dreams....

After each day's of work and pain,
All of us try to see
And search a source to entertain
And that's what we call a dream.

Neither it is media based,
Nor it is an expensive source
Just a pillow on a bed
Makes a satisfactory dose.

Dangerous, lovely, sad, thrilling dreams,
Replicates visualizing films;
These are mellifluously filled,
In our entertainment schemes and aggravated dreams.

All variety of entertainment awaits here,
The disadvantage is that we can't choose it;
A particular topic on a particular day,
So, many of us would refuse it.

Instead of haunting our own eyes,
On a life threatening screen,
Have a good sleep and get entertained,
We will achieve many valuable things.

- Naman, Std. IV-B

A Special Birthday

My name is Sharanya Singh. I was born on 25th December. My birthday is very special as Jesus was born on the same day. On every birthday my mother gets me a Chirstmas tree. I decorate it with balloons and sparkles. I eagerly wait for Santa to bring me my gift on my birthday. I celebrate this special day with lovely cake, delectable cookies and with my friends.

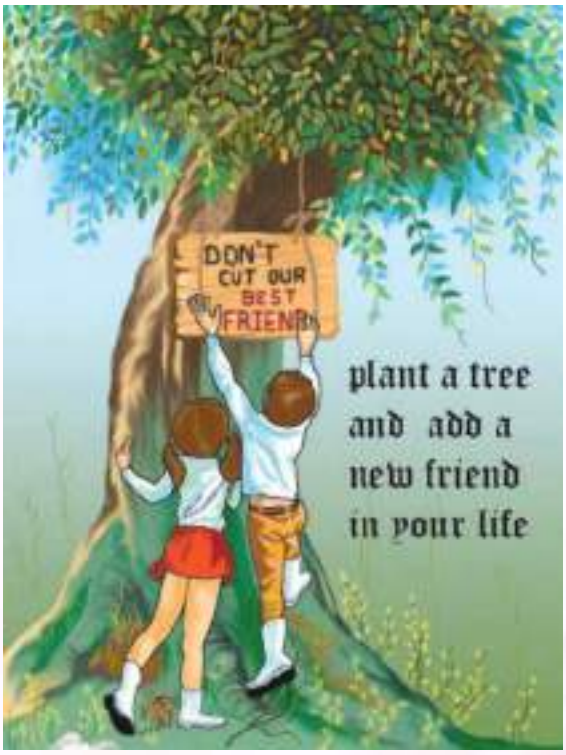
Sharanya Singh, Std. I-B

My favourite Birth Day

I am Darshak and this year I celebrated my sixth birthday, on 2nd October. My last birthday was a memorable one. All my relatives and friends came for the party and I was dressed in colourful new clothes. I went to the temple with my parents and prayed to God for everyone's happiness.

My house was decorated with colourful balloons and streamers. My parents had ordered a birthday cake wishing "Happy Birthday to Darshak". All my relatives and friends sang the birthday song, bursting poppers. Afterwards, I cut the cake and served it all. They all seemed happy so I was happy too. This year also I wish to celebrate my birthday as happily as last year.

- Darshak. V, Std. I-B



Trees are our best friend

Trees can be short, trees can be tall. Whatever kind, I like them all, they give us oxygen, they give air we give them love, we give them care. We take care of each, as they were our own, from when they're a seedling, to fully grown. They give us different fruits, and grow in different shapes. With their colourful leaves and long brown tunk. We know that the beautiful trees are not junk. They need water, soil, space and light. We give them those things day and night. So today, we all say hurray, for the trees Special day (25th April), which is called "Arbor day".

Annapurneshwari. N.R., Std. IX-A

Sky is Limitless

Limitations live only in our minds, but if we use our imagination, our possibilities will become limitless. In February 2021, UAE, China, USA successfully launched a missile on Mars. If they thought that the sky was the limit, they would have never succeeded.

We can achieve success by determination, confidence, passion, innovative ideas and motivation. However, we should keep in mind to never let anyone tell us what we can or can't do. Prove the cynics wrong, OUR SKY, OUR LIMIT.

According to me, mind is the greatest weapon and is capable of any thought or idea. The invention of mobiles, virtual reality glasses, satellites etc have proved that if the mind, possibilities or goals were limited, these milestones would have never been achieved. So, believe in yourself, work hard and everything else will fall in place.

Manushree Singh, Std. IX-A

Role of Youth in nation building

Youth are the building blocks of a nation .As a nation we need to strengthen these blocks with education, skills and a strong national character. The energy of youth if channelized in the direction of nation building will have exponential benefits for the rise of the country. Just compare the two countries, India and China .China as an aftermath of one child policy is now facing the ageing problem however India with its ruggedized democracy has a majority of youth population. Thus in the international arena India promises more to the other countries as far as its trajectory of growth is concerned. Our policy makers need to harness these energy levels else a frustrated youth infected by unemployment and disgusted with inequality may get swayed towards disruptive activities easily. Thus, the youth plays an important role in the society.

Yashwini Singh, Std. VII-A

Cooking Dinner with Mom

I love cooking food in the kitchen with my mom. She has magic in her hands and makes the most tasty food. I want to grow up and cook like her. When I cook with her, I help her wash the vegetables, collect ingredients from the fridge and make her smile while I tell her how much I love the food she cooks. She puts carrots, beans, onions, corn, peas and more into the oil and adds a pinch of salt and chilly along with rice and makes the best fried rice in the whole world. She puts in a special ingredient which makes it taste so good. When I ask about it, she smiles and says that its called "LOVE". I love my mom and cooking with her makes me feel happy.

M. Ruhan Reddy, Std. II-A

I want to be...

I want to become Rain
To wash away all your pain
To give you a shower of relief
Helping you, to forget your grief.

I want to become the winter sun
To give you warmth and a little fun,
In this world which is cold and gloomy
And a competition which is proving stormy.

I want to become a cool shade
To protect you from this world's fiery trade,
Where people loose temper at drop of a hat
And forget to give a needy, trust and a pat.

I want to become your inner self
So that you can talk to me and seek my help
I want to become a great friend,
To protect you and comfort you till the end.

- Shivani, Std. IX

A charity you should know about - Happiness

All of us, right from the day we entered into the formal school of education, have been taught about different values, ethics, moral principles, basic courtesies etc. Not that our parents or other family members were not instrumental in bringing us up as an individual, who think and behave in a socially desirable manner. But, our entry into schools just formalized these concepts even more. In fact, we had an entire subject dedicated to this in our school called, 'VALUE EDUCATION'.

Now, since we have already brought up this subject, let's analyse the issue properly. Personally, for me it used to be the most uninteresting session of all. A session, in which my classmates would doze off and remain unnoticed by the teacher throughout the academic year! The subject would enhance our knowledge about concepts such as truth, responsibility, peace, happiness etc.

'HAPPINESS', is one such concept which we were taught about, but we never paid much attention to. In common terms happiness can be defined as 'the state of well being and contentment'. But this definition only gives a narrow view of the idea of happiness. Its scope ranges to many different areas and subsumes many different aspects. For instance, happiness is something which must have moral connotations. One who steals an expensive article, is surely to get some pleasure and contentment. But, not to forget this happiness has been derived from an unhealthy deed which goes against the ethics, moral values and norms of the society.

'HAPPINESS' hence must be defined more as 'BEING well and DOING well'. Although, many philosophers have given their own theories related to this universal concept, but the one that grabs the most attention is the one enuciated by the Greek philosopher, Aristotle. He views happiness as not just a momentary feeling, but as the ultimate goal of human existence. According to him, health, money, friendships, relationships and knowledge are all important to achieve happiness. Hence, we must all try and internalise within ourselves the true meaning of happiness, consider it more as a charity and spread it around, to our friends, family, colleagues, peers and even strangers.

This brings us to the last aspect of Aristotle's theory - Happiness is your entire life measure and will indicate how well you lived. So, let us all try and undertake the charity of life - HAPPINESS by the following tiny measures :

- By coming to terms with who we are and accepting it.
- By setting some life principles for ourselves and always adhering to them.
- By seeing the beauty / positive aspect of everyone and everything.
- By accepting the situations as they come and dealing with them to the best of our capacity.
- By being grateful to the almighty for whatever we have today.
- By uplifting the ones who are in need / distress.

Oh Gosh! I can go on and on with this list because there are innumerable ways to make yourself happy. Now, I leave it to you do decide what else could be added here to achieve our ultimate goal - 'HAPPINESS'.

Sanskriti Dash, Std. XII

Lessons learned from COVID-19

Over the past few months, COVID-19 has become a major health threat all around the globe. All the epidemics remind us that we live in a place where it is important to respect the bond between nature and humans. The COVID-19 epidemic has left us with some questions and a lot of lessons. The most important being 'preparation', especially on the healthcare front.

One of the major reasons why COVID-19 had spread so widely was the lack of preparation everywhere. Preparation is as important as planning, may be even more. Preparation makes you ready to actually do the work. For some people planning might be the important and original step but the truth is, we can plan all we want, but if we don't prepare, for it , we will never be ready.

The second lesson COVID-19 has taught us is unity. Only when the entire world united together, did we find a slight decline in cases. The phrase 'It takes a village' has never been more perfect for such a situation. The COVID-19 pandemic is a call for action for everyone to work together. When countries, leaders and every day people unite, we can achieve anything. Another lesson that was taught to us by COVID-19 was that the earth needs to rest. Our greed, our desires, our wants constantly motivated by the competitive world have exploited our planet to an alarming level. Pollution, constant natural calamities have broken our planet.

Another lesson given to us is the power of citizens. A society can't be changed by the efforts of the government alone, nor without our unity and cooperation. The pandemic made us realise the real power of thoughtful and responsible citizens of a society.

The last lesson taught to us was the meaning of life. Both as a country and individuals we only pin our hopes to wealth, success and power. Whereas we should pin it on happiness, freedom, our loved ones and family. The things that actually matter. The pandemic has made us realise how it is to stay away from our loved ones, how it is to be not allowed any freedom, how it is not to experience any happiness or fun. It has made us realise that at the end of the day what matters is whether you're happy or not.

- Ayesha Arya, Std. VIII

Emotions pushed away

I want to be brave
I want to be smart
I want to be saved
I want a new start

I'm constantly being pushed,
Pushed to the edge.
Knock me down, now I'm crushed
I'm falling over ledge.
People tell me it's going to be alright,
But how much longer do I have to fight?

I know I have a purpose in life,
But how do I reach it when I'm trapped?
Nothing to do but wish in to the night
When I ask, it's never too far from being denied.
Save me or join me - just don't say no
I promise I won't let you go.
We're not too far behind now.
A little further up is where our future lies
Change is something, I want to allow
From here onwards, all I'll do is, rise
Lord, I need the faith,
I need the strength.

Shreeshanth Iyer, Std. X

भारत हमारी शान

ये बोली आन है मेरी,
विरासत मान मेरा,
यही पहचान है अपनी,
यही अभिमान मेरा है
किसी भी और भाषा में
करे संवाद क्यों मित्र?
हमारी शान है हिन्दी,
ये हिन्दुस्तान मेरा है।

हमारा देश भारत एक महान देश है जिसका एक गौरवशाली अतीत है तथा गौरवमयी संस्कृति व सभ्यता है। हमारा देश विश्व के समस्त देशों से अद्भुत व निराला देश है। मुझे अपने देश की भाषा और संस्कृति पर गर्व है।

कोरोना से बचाव

मुश्किल बड़ी घड़ी है
संयम बनाये रखना
एक फ़ासला बनाकर
खुद को बचाये रखना।

है ज़िंदगी नियामत
असमय खो न जाए
इस देश पर साजिश
हावी ना होने पाये
ये वक्त कह रहा है
घर से नहीं निकलना।

निज शक्ति को बढ़ाना
संकल्प से ही अपने,
इस रोग को हराना
हाथों को अपने साथी
कई बार धोते रहना
उनको नमन करें हम
सेवा में जो लगे हैं
सब कुछ भुला के अपना

दिन–रात जो जुटे हैं
रहकर सजग हमेशा
अफवाहों से भी बचना
मुश्किल बड़ी घड़ी है
संयम बनाये रखना।

उम्मीदों भरा नव वर्ष

नए वर्ष में नई पहल हो।
कठिन ज़िंदगी और सरल हो।
कोरोना की अनसुलझी
जो रही पहेली।
अगले साल शायद उसका भी हल हो।
जोश तथा उल्लास,
खुशियाँ फैले, करे उजास।
खामोशियाँ हर ओर है
बीमारियों का शोर है
चेहरे यहाँ दिखते नहीं
क्यों मास्कमय यह भोर है?
आरंभ का अंत हो जाना
तथा सवर्ष 2021 है
नए वर्ष में नई पहल हो।
कठिन ज़िंदगी और सरल हो।

बच्चों की दुनिया

बच्चे, ईश्वर की दी हुई वो खूबसूरत नियामत है, जो न केवल सभी को अपनी तोतली, कभी प्यार भरी, कभी शरारती बातों से इतना प्रभावित करते हैं। कभी तो हमारी बातों से बड़े हंस पड़ते है। कभी आश्चर्यचकित हो जाते, कभी वो इतनी बड़ी बातों को सरल शब्दों में हम बड़ों को सिखा जाते हैं।

आज–कल बच्चों की दुनिया भी बड़ी अजीब हो गयी है। लॉकडाउन के बाद से हमारी बहुत सारी गतिविधियाँ बन्द हो गयी हैं। जैसे स्कूल बंद हैं, हमारे दिन का बहुत सारा हिस्सा हमारे स्कूल में बीतता था, जहाँ हम अपने दोस्तों के साथ खेलते थे, पढ़ते थे और बहुत सारी बातें करते थे। पर अब ऑनलाइन कक्षाओं में अपने दोस्तों से थोड़ी बहुत हीं बातें ही कर पाते है। काफ़ी चीज़ें वर्चुअल हो गयी है।

हम बच्चों की दुनिया भी बड़ी अजीब होती है, जैसे कि मैं आद्या, मुझे हैरी पॉटर बहुत पसंद है, मैंने उसकी सारी किताबें पढ़ी हैं। मुझे लंदन जाना है। ऐसे ही मेरी छोटी बहन जो बहुत शैतानी करती है, उसको अभिनय का बहुत शौक है। वह अपने साथियों की नकल उतारती रहती है।

हम बच्चें बहुत ही अलग होते हैं। हम दोस्तों से झगड़ते हैं, फिर उन्हें मनाते भी हैं। झगड़ा करके हम थोड़ी देर में, झगड़ा भूल भी जाते हैं।

हमारे सपने भी हर दिन बदलते हैं। कभी हमें अंतरिक्ष यात्री बनना होता है, कभी वैज्ञानिक, कभी डॉक्टर, कभी मॉडल, पर हमें खेलना सबसे ज़्यादा अच्छा लगता है।

हम लोगों को कुछ लोग बहुत पसंद होते हैं, जिन्हें हम अपना आदर्श मानते है। जैसे– मुझे नरेन्द्र मोदी जी बहुत पसंद हैं। मैं उनको अपना आदर्श मानती हूँ।

हमारी दुनिया में बहुत लोग होते हैं जैसे हमारे पापा, मम्मी, नाना, नानी, दादा, दादी, दोस्त, जिनसे हम बहुत प्यार करते हैं। मैं अपने दोस्तों के साथ खूब खेलती हूँ, बातें करती हूँ, क्योंकि जब मैं बड़ी हो जाऊँगी तो परेशानियाँ भी आयेंगी लेकिन बचपन तो सभी तकलीफ़ों से दूर होता है।

बस मैं आद्या अब अपनी कलम को यही विराम देती हूँ, बातें बहुत सारी हैं पर आज के लिए इतना ही।

सधन्यवाद,

आद्या मिश्रा

हिंदी साहित्य के अनमोल रत्न – मुंशी प्रेमचन्द

मुंशी प्रेमचन्द हिंदी और उर्दू के बहुत लोकप्रिय कहानीकार और उपन्यासकार थे। उनका वास्तविक नाम धनपत राय श्रीवास्तव था। उनका जन्म 31 जुलाई 1880 को उत्तर प्रदेश के वाराणसी जिले में हुआ था। उन्होंने गबन, गोदान जैसे लगभग डेढ दर्जन उपन्यास लिखे। उन्होंने कफ़न, पूस की रात आदि तीन सौ से अधिक कहानियाँ लिखीं। उन्होंने अपने दौर की सभी प्रमुख हिंदी और उर्दू पत्रिकाओं में भी लिखा था।

1922 में असहयोग आंदोलन के दौरान उन्होंने अपनी सरकारी नौकरी को त्याग दिया और लेखन को ही अपना व्यवसाय बना लिया। प्रेमचन्द जी ने हिंदी समाचार पत्र 'जागरण' तथा साहित्यिक पत्रिका 'हंस' का संपादन और प्रकाशन भी किया। उन्होंने स्वतंत्रता संग्राम और सामाजिक विषयों जैसे दहेज, जाति–भेद, विधवा–विवाह आदि का अपने लेखन में चित्रण किया। हिंदी साहित्य में 1928 से 1936 को 'प्रेमचन्द युग' कहा जाता है।

काश की दुनिया

(काश मैं ऐसी होती)

काश मैं एक तितली होती,
तो मैं किसी के हाथ में नहीं फँसती।
काश मैं एक चिड़िया होती,
तो आसमान की ऊँचाई को पंखों से छू लेती।
काश मैं एक चाँद होती,
तो मेरी चमक से दूसरों का रास्ता बना देती।
काश मैं एक पेड़ होती,
तो सूखे मैदानों को उर्वरक बना देती।
काश मैं एक मनुष्य ही रहती,
तो यह सब कार्य करने का प्रयत्न करती।
काश, काश ही होता है
जब तक हम उसे कर्म में बदल न देते।
काश की दुनिया से बाहर निकलो,
जो सोचा था, उसे अभी करो।

मेरा पन्ना

जीवन कथा है
यह एक सुहाना सफर है
जहाँ सबके पास उड़ने के लिए पर हैं
उड़ते पंछी की प्यास है ये
पुराने लम्हों की मिठास है ये
है यह बहती नदी की तरह
जो आती–जाती पुनः पुनः
चलती जाती है निरंतर
मिल जाती सागर में बहकर
यह हम सबकी सोच है
जिसकी सीमा नहीं है
यह ऊँचे पर्वत की चोटी है
गहरे पानी का मोती है।

मधुमिता स.

प्रकृति

हरे–हरे खेतों में
बरस रही हैं बूँदें
खुशी–खुशी आया सावन
भर गया मेरा आँगन।
ऐसा लग रहा है जैसे
मन की कलियाँ खिल गयी वैसे
ऐसा आया वसंत
लेकर फूलों का जश्न।
धूप से प्यासे मेरे तन को
बूँदों ने दी ऐसी अँगडाई
खिल उठा मेरा तन–मन
लगता है मैं हूँ एक दामन।
यह संसार है कितना सुंदर
लेकिन दर्द उसके अंदर
यही है एक निवेदन
न करो प्रकृति का शोषण।

योग एक वरदान

योग अपनाइए आत्मशक्ति एवं स्वास्थ्य जगाइए।
योग द्वारा सजाओ जीवन में नये रंग,
इसे अपनाकर पाओ नई उमंग।
योग हमारे जीवन में चमत्कार करेगा,
पर लाभ उसे ही होगा जो निर्देशानुसार करेगा।
अगर प्रतिदिन सुबह योग ज़रूर होगा,
तो चेहरे पर नूर भरपूर होगा।
योग के प्रचार–प्रसार के लिये करो संघर्ष,
इसके प्रचार द्वारा जीवन में मिलेगा नया उत्कर्ष।
योग लायेगा स्वास्थ्य का राज़,
इसे अपनाने से स्वस्थ बनेगा समाज।
योग डालता है शरीर में नये प्राण,
इसे अपनाकर करो नवयुग का निर्माण।
न कोई कष्ट न कोई रोग,
जब जीवन में होगा योग।
जब तक आपके जीवन में योग होगा,
आप से हर एक रोग दूर होगा।
बाकी सारे काम बाद में,
योग से होगा स्वास्थ्य हमारे हाथ में।
यह जो नित फैल रहे हैं नये रोग,
इनका कारण है योग कला का होना लोप।
हमें समझना होगा योग का भाव,
यह पैदा करता है हमारे व्यक्तित्व में सम्भाव।
योग द्वारा जीवन को बनाइये पूर्ण,
स्वच्छ शरीर ही होगा व्यक्तित्व परिपूर्ण।
आओ मिलकर करे योग विहग के कीर्ति का विस्तार,
साथ मिलकर करे उसका प्रचार।

कक्षा दसवीं

दोस्त

दोस्त–दोस्त नहीं, खुदा होता है।
महसूस तब होता है जब जुदा होता है।
बिना दोस्त के जीना एक सज़ा होती है।
और एक सच्चा दोस्त मिल जाए तो
एक तोहफ़ा होता है।

दोस्ती साहिल है तूफ़ानों के लिए,
दोस्ती आईना है आसमानों के लिए
दोस्ती महफिल है अंजानों के लिए
दोस्ती ख्वाहिश है दोस्त पाने के लिए
ज़िंदगी की राहों में जब भी हम आगे जाएँगे।
पीछे एक साया हरदम पाएँगे।
मुड़कर देखे तो शायद कुछ न दिखे
अगर महसूस करेंगे तो, अपने दोस्त को पाएँगे।
कुछ शब्द दोस्ती के नाम :–
'क्यूँ मुश्किलों में साथ देते हैं।'
''दोस्त''
'क्यूँ गम को बाँट लेते हैं ''दोस्त''
''न रिश्ता खून का, न रिवाज से बंधा है''
फिर भी जिंदगी भर साथ देते हैं।
''दोस्त''

हिन्दी भाषा पर अभिमान करो

जब मैं बिल्कुल छोटी थी,
माँ की गोद में सोती थी,
माँ मुझसे यह कहती थी,
अंग्रेज़ी भाषा बोलो तुम।

मम्मी पापा की मैं लाड़ली हूँ,
जो वे कहते हैं सुनती हूँ,
पर अब उनसे पूछती हूँ,
अंग्रेज़ी भाषा क्यों बोलूँ मैं।

हम भारत के वासी हैं,
मातृभाषा हिन्दी है,
गर्व से हम कहते हैं,
हिन्दी भाषा बोलेंगे।

सब रिश्तों को नाम दिया,
बड़ों को आदर, छोटों को प्रेम दिया,
ऊँच–नीच का फर्क मिटा दिया,
हिन्दी ने सही सब सिखा दिया।

अपनी भाषा पर गर्व करो,
हिन्दी में सबसे बात करो,
सारी भाषाएँ सीखा करो,
पर हिन्दी पर अभिमान करो।

सुभाषितमञ्जरी

परोक्षे कार्यहन्तारं प्रत्यक्षे प्रियवादिनम्।

वर्जयेत्तादृशं मित्रं विषकुम्भं पयोमुखम्।।

अर्थ–जो हमारे सामने मीठी बातें करता है और पीठ पीछे हमारी बुराई, वह उस घट के समान होता है जिसमें पूरा विष भरा हो और ऊपर से दूध। इस तरह के लोगों को अपने जीवन से हटाना चाहिए।

वनानि दहतो वह्नेः सखा भवति मारुतः।

स एव दीपनाशाय कृशे कस्यास्ति सौहृदम्।।

अर्थ – जंगल में लगी आग को बढ़ाने में जो हवा सहायक बनती है वही दिए को बुझाती भी है। सच ही कहते हैं दुर्बल से कोई मित्रता नहीं करना चाहता।

न विश्वसेत् कुमित्रे च मित्रे चापि न विश्वसेत्।

कदाचित् कुपितं मित्रं सर्वं गुह्यं प्रकाशयेत्।।

अर्थ – मित्र अच्छे हों या बुरे उन पर पूरी तरीके से विश्वास नहीं करना चाहिए, क्योंकि अगर अच्छा मित्र भी कभी गुस्सा हो जाए तो सारी राज़ की बातें सब को बता सकता है।

न कश्चित् कस्यचित् मित्रं न कश्चित् कस्यचित् रिपुः।

व्यवहारेण जायन्ते मित्राणि रिपवस्तथा।।

अर्थ – यहाँ कोई किसी का दोस्त या दुश्मन नहीं होता है। हमारे व्यवहार के कारण ही मित्र या शत्रु बनते हैं।

सर्पनकुलयोः कथा

एकस्मिन् ग्रामे आसीत् पुरा कश्चन ब्राह्मणदम्पती। अनपत्यतया पीडितौ तौ कञ्चनं नकुलं पुत्रवत् अपालयताम्। गृहे सर्वत्र नकुलस्य प्रवेशः आसीत्। ब्राह्मणः, पत्नी च तस्मिन् बहु स्निहयतः स्म। कालान्तरे तयोः एकः पुत्रः जातः। पुत्रस्य जन्मना तौ अत्यधिकं सन्तुष्टौ अभवताम्। तथापि ब्राह्मणस्य मनसि नकुलं प्रति प्रीतिः किञ्चित् अपि न्यूना न अभवत्। परन्तु ब्राह्मणस्य पत्नी तु नकुलं प्रति रुष्टा जाता। तस्याः चिन्तनम् आसीत् यत् नकुलात् ब्राह्मणपुत्राय अपायः भविष्यति इति। एवं न भविष्यति इति ब्राह्मणः बहुवारं उद्बोधितवान् तथापि सा न अङ्गीकरोति स्म।

एकदा ब्राह्मणपुत्रः डोलायां सुप्तः आसीत्। पुत्रस्य संरक्षणं भर्तरि निक्षिप्य सा नद्यां स्नातुं गता। किञ्चिन् कालानन्तरं कोऽपि आगत्य श्राद्धकर्मणि भागं वोदम् ब्राह्मणम् निमन्त्रितवान्। प्रथमं तु ब्राह्मणः पुत्रस्य संरक्षणविषयं विचिन्त्य तं निराकरोत् तथापि तस्य वारं वारं निमन्त्रणेन निजदारिद्र्यविषये च चिन्तयित्वा सः गन्तुम् उद्युक्तः। पुत्रस्य संरक्षणाय नकुलं च नियोजितवान्।

किञ्चित् कालानन्तरं नकुलः दृष्टवान् यत् एकः कृष्णसर्पः डोलायां शयमानं पुत्रं उपसर्पन् आसीत्। झटिति सः नकुलः कृष्णसर्पं प्रतिरोधुम् आरभत। अस्मिन् तीक्ष्णे मल्लयुद्धे नकुलः कृष्णसर्प मारितवान्। युद्धे नकुलः रक्तलिप्तशरीरः च अभवत्। कृष्णसर्पस्य हननेन सन्तुष्टः नकुलः विजेता भूत्वा गृहस्य द्वारे आगत्य स्थितः।

एतस्मिन्नन्तरे स्नानं, वस्त्रप्रक्षालनम् इत्यादिकं समाप्य ब्राह्मणस्य पत्नी समागता। दूरादेव द्वारे स्थितं रक्तलिप्तशरीरं नकुलं दृष्टवा सा दुःखिता जाता। 'एष : मम पुत्रं मारितवान्' इति विचिन्त्य कोपातपेन तत्र स्थापितं जलसम्पूर्ण घटम् उद्धृत्य नकुलस्य शिरसि अस्थापयत्। तेन सः मृतिम् उपगतः। तदनन्तरम् सा झटिति गृहस्य अन्तः प्रविश्य डोलायां सुखेन शयमानं पुत्रं तथा डोलायाः समीपे मृतं कृष्णसर्प च अपश्यत्। तदा एव सा अवागच्छत् यत् नकुलः एव सर्पात् पुत्रं रक्षितवान् इति।

पश्चातापेन यदा सा बहिागता तदा मृतं नकुलं च अपश्यत्।

अत एव उच्यते –
अविचार्य न करणीयम्
करणीयं सुविचार्य च।
अन्यथा भवति सन्तापो
ब्राह्मण्याः नकुलात् यथा ।।

सूक्तिमौक्तिकानि

✦ सद्भिस्तु लीलया प्रोक्तं शिलालिखितमक्षम्।
असद्भिस्तु शपथेनापि जले लिखितमक्षरम्।।

अर्थ – अच्छे लोगों की मज़ाक में कही हुई बात भी पत्थर की लकीर होती है, और दुर्जन यदि प्रतिज्ञा भी करे वह भी पानी में लिखा हुआ वचन जैसा ही होता है।

✦ श्रोतं श्रुतेनैव न कुण्डलेन
दानेन पाणिर्न तु कङ्कणेन।
विभाति कायः करुणापराणाम्
परोपकारेण न चन्दनेन।।

अर्थ – सज्जन अपने कानों की शोभा शास्त्रों के श्रवण से करते हैं कुंडलों से नहीं। उनके हाथों की शोभा दान से होती है, कड़े से नहीं। उनके शरीर की शोभा परोपकार से बढ़ती है, चन्दन के लेप से नहीं।

✦ खलः सर्षपमात्राणि
परच्छिद्राणि पश्यति।
आत्मनः बिल्वमात्राणि
पश्यन्नपि न पश्यति।।

अर्थ – नीच लोग दूसरों की छोटी सी भी गलती को बड़ी समझते हैं, और अपनी बड़ी सी गलतियों को देखकर भी अनदेखा कर देते हैं।

✦ छायामन्यस्य कुर्वन्ति
तिष्ठन्ति स्वयमातपे।
फलान्यपि परार्थाय
वृक्षाः सत्पुरुषाः इव।।

अर्थ – पेड़ खुद धूप में खड़े रहते हैं और दूसरों को छाया देते हैं। उनके मीठे फल भी दूसरों के लिए होते हैं। इसलिए उन्हें सज्जन के जैसे मानते हैं।

'Art is not handicraft, it is the transmission of feeling the artist has experienced.'
- Leo Tolstoy

The aim of art is to represent, not only the outward appearance of things, but also their inward significance. Every child is an artist. Art, not only brings out their talent but also helps them to channelize their emotions and imagination. A child can represent his\her heart and soul on a piece of paper, as the saying goes - "A picture is worth thousand words".

It is our responsibility to bring out the best in our children by paving their path with ideal opportunities and encouragement. All we need is to give our children liberty to follow their heart.

We need to give the paint brush in their hands so that they can paint their future with bright colours and who knows someday one might discover a **Pablo Picasso** or a **Leonardo Da Vinci** in them **.**

Best Wishes!
